A delicious day tour in Umbria

**Code:** (DTW001UMB)

This Tour, suitable for all, is a perfect combination of nature and taste, what the region Umbria offer at its best!

The walking tour starts from a winery near Montefalco, in Umbria, in an extraordinary area surrounded by vineyards and olive trees. The winery produces the two main excellences of the territory: wine and extra virgin olive oil, products of high and unique quality, obtained with the most modern techniques of sustainable agriculture but always respecting centuries-old traditions in an area that has always been suited for valuable agriculture. Escorted by an environmental guide, also an expert in winemaking, you will walk among rows and olive groves surrounded by unique and beautiful views in every season of the year. The walking tour is about 6 km (3,73 miles) long and is suitable for all, even for families with children (over 6 years). It will be a hike at a slow pace, enjoying the scent of the countryside, admiring its colours and different shades of light, preparing yourself to taste the authentic flavors of this land.

After this beautiful walking tour surrounded by nature, you go back to the starting point. At the winery, you will have a visit and a wine-tasting or if booked with a typical Umbrian lunch. Do not miss this exciting experience for the whole family!
