During lunch, you taste the recipes you have made and every dish will be combined with a wine of the winery. With a transfer you are brought to Assisi old town centre and with a cultural

description you can make a town walk passing the most important monuments of Assisi, a town where history, traditions and art are fused together in harmony. You can enjoy yourself wandering through the alleys, stepped streets and crossing the squares with many terraces, inviting you to enjoy a delicious Italian 'gelato' or drink a hot cappuccino. There is much to see such as the basilicas of St. Francis and St. Claire, the castle, many museums and the Roman Forum. By bus you return to your hotel in Santa Maria degli Angeli or on foot (3 km)

You leave for a moment the cycle route to go to a winery to taste some delicious Umbrian wines. A short ride left to reach Bevagna, one rare example of a historic centre built on the plain and not on a hilltop. Bevagna boasts both a Roman past and a medieval aspect. Piazza Silvestri is a very interesting square, a cheerful meeting place for the inhabitants, with its gothic Palazzo dei Consoli and two Romanesque churches. You can also visit the Roman mosaics and a medieval house.
